The Jesse Owens Park Board hereby notifies the Lawrence County Commission and all parties concerned that there are major and serious leaks in the museum.

The first notice was made over six weeks ago. We ask that this serious problem be fixed and all parties satisfied before any payments are made.

Also, the sprinkler system controls need immediate enclosure to protect any unwarranted tampering.

We hope these two above mentioned will be corrected immediately. These problems are delaying our progress with completion of the museum interior.

Thank you for your attention and concern.
